Week-end ticket € 33 all-in

Free parking

Welcome

The Bonsai Association Belgium is happy to welcome you to the 16 th Noelanders Trophy

Alone the number 16 is nothing special on his own. 10 and 15 are years to celebrate. In this case for us is the 16 th Noelanders Trophy is a special year to celebrate , its another step forward , a move to another location , a better venue.The location we had previously was getting to small, we needed to look for something better.Now we have found it.

The Limburg hallen in Genk is a fantastic place. There is more space for the exhibition to show our trees to advantage , more space for the traders, much better accommodation for the demonstrators , everything is much better and it is very close the beautiful city of Genk with lots of restaurants, pubs etc.

Bonsai enthusiasts and professionals from all over the world will present to you their best Bonsai. We are grateful to all these Bonsai friends who have worked very hard for years to show us their amazing bonsai masterpieces in the best possible condition.

We would be pleased to welcome your tree at this wonderful show. After a pre selection your tree can have a place in the collective memory of the World bonsai community.

This year we will have trophy for the overall winner, the winning shohin, the best deciduous tree and the best bonsai from a member of Bonsai Association Belgium. Not forgetting the Awards of merit to the nominated trees .

On saturday and sunday we have 3 bonsai masters giving simultaneous demonstrations. They are an essential part of the show.

Ryan Neil from USA , Salvatore Liporace from Italy and Kim Seok Ju from Korea.

The traders area is a show on his own, 50 traders presenting all one needs for our hobby, and what a selection they offered.

Also this year we will have high level suiseki at the exhibition.

Bonsai has created a truly peaceful and elegant art for us all to enjoy. All those of us connected believe that the art of bonsai could act as a bridge for friendship and permanent peace.

With our hobby, we are feeling with growing things, trees, plants, things we all can see and love.Trees and plants are found everywhere and no specific language is needed. Just a warm heart and loving care.

Lets start today, sharing this warm heart with all bonsai lovers.

We wish everybody a great weekend,

The Noelanders Trophy committee

Marc Noelanders

Program

18.00:

Afsluiting van de XVIde Noelanders Trophy

Clôture du XVIième Noelanders Trophy

Ende der Noelanders Trophy XVI

End of Noelanders Trophy XVI

Demonstrators

Ryan Neil

Ryan Neil grew up in Colorado and was inspired by the tortured and stunted trees in the Rocky Mountains. Already in high school he was attracted to bonsai. After an education in horticulture he was introduced to Ben Oki in California, who proved to be the catalyst for organizing Ryan's apprenticeship with world renowned master Mr. Masahiko Kimura.

Ryan is now a bonsai professional with international experience. He is always pursuing excellence in the art of bonsai. His bonsai nursery, International Bonsai Mirai, in Oregon, encompasses Ryan's full service nursery as well as his school which Ryan uses to teach intense and in depth conceptual and technical information regarding the art of bonsai.

Through the coordinated efforts of respected professionals, dedicated enthusiasts, and like-minded groups and organizations Ryan hopes to achieve a bonsai community capable of self sufficiency.

www.bonsaimirai.com

Salvatore Liporace

Salvatore Liporace studied with Master Masahiko Kimura in Japan.

Salvatore Liporace established in 1986 the Studio Botanico in Milan, Italy. It was the first bonsai school in Europe. Since that time he is one of the most asked bonsai artists in Europe. Several of his students have become new bonsai talents.

During his long lasting carrier, he managed workshops, congresses and gaive demonstrations in all the five continents. We remember Salvatore from his work during the sixth and the tenth Noelanders Trophy.

He is co-founder and advisor of the IBS.

In 2001 he respresented Italy as headliner during the world bonsai congress in Munich, Germany.

In 2011 Salvatore was honored with the title of world ambassador for UBI.

His view to the art of bonsai is marked by continual experimentation, trying to create an integrated environment where nature, music and visual art are connected.

www.liporace.it

Seok Ju Kim

Seok Ju Kim was born in 1961 and opened his own bonsai nursery - Taechowon - in 1989.

He won several silver and gold prizes at the Korea Bonsai exhibition, and later was consultant for several years at the Korea Bonsai Masterpiece Exhibition and the Gopung Exhibition.

He has demonstrated in several countries in the far east (including China and Taiwan) and also in Switzerland and Lithuania.

Bonsai voor de Vlaamse liefhebber

Sinds meer dan 15 jaar promoot Bonsai Association Belgium VZW de bonsai cultuur in Vlaanderen. De voorzitter Marc Noelanders zorgt ervoor dat we een kwalitatief hoogstaand programma kunnen aanbieden.

Alle activiteiten tijdens het jaar vinden plaats in het Cultuurcentrum Muze te Heusden-Zolder. Elke eerste woensdag van de maand kan u vanaf 19.30 u een demonstratie of een lezing bijwonen door zowel binnen- als buitenlandse bonsaimeesters.

Met succes bieden we een basiscursus aan van zes lessen verspreid over een heel jaar. U leert de eerste theorie en begint met zelf een bonsai te vormen. In een vervolgcursus gaan we per avond dieper in op een bepaald onderwerp. Uw eigen bonsai worden samen besproken en keer op keer verder afgewerkt onder begeleiding. Doorheen de jaren zien we de kwaliteit van de bonsai projecten van de deelnemers toenemen.

Bonsai Association Belgium is present op tuin- en hobbybeurzen om bonsai tot bij het grote publiek te brengen.

Met voldoening merken we dat de kwaliteit van heel wat privé bonsaiverzamelingen doorheen de jaren gestaag omhoog blijft gaan.

Indien u geïnteresseerd bent om in groep uw bonsai te laten floreren, neem dan contact op met de cursus verantwoordelijke, Edwin Bielen via mail noya-en@telenet.be of op het nummer 011 817444.

Iedereen is van harte welkom,

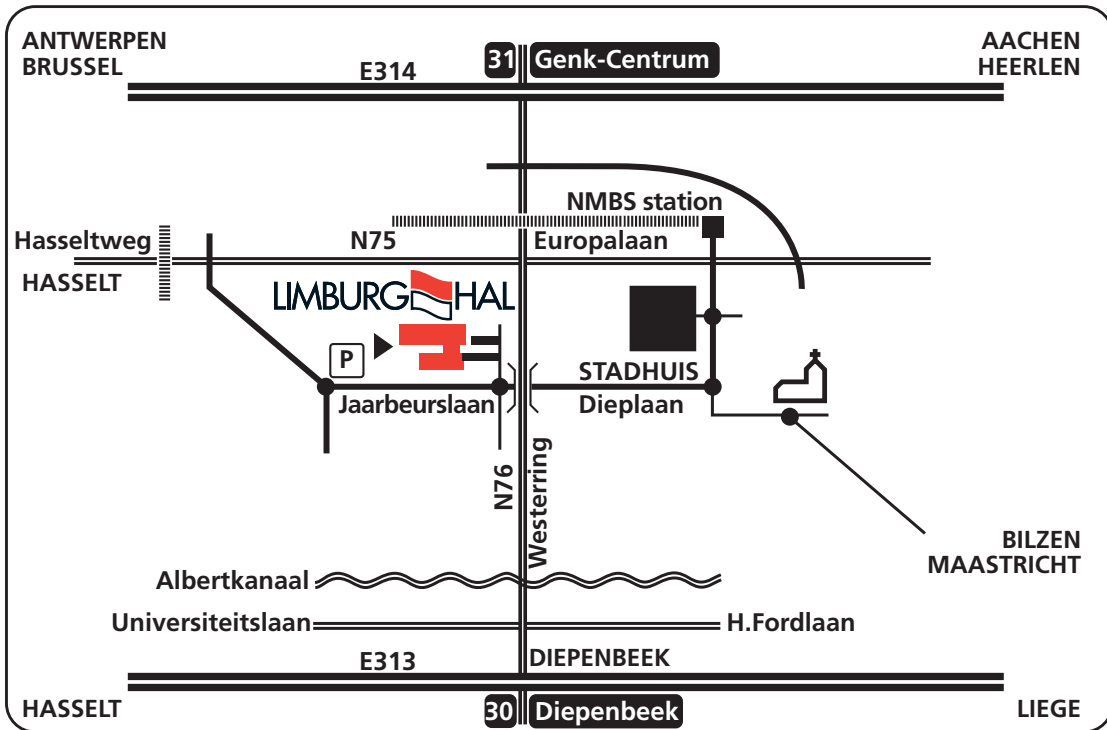

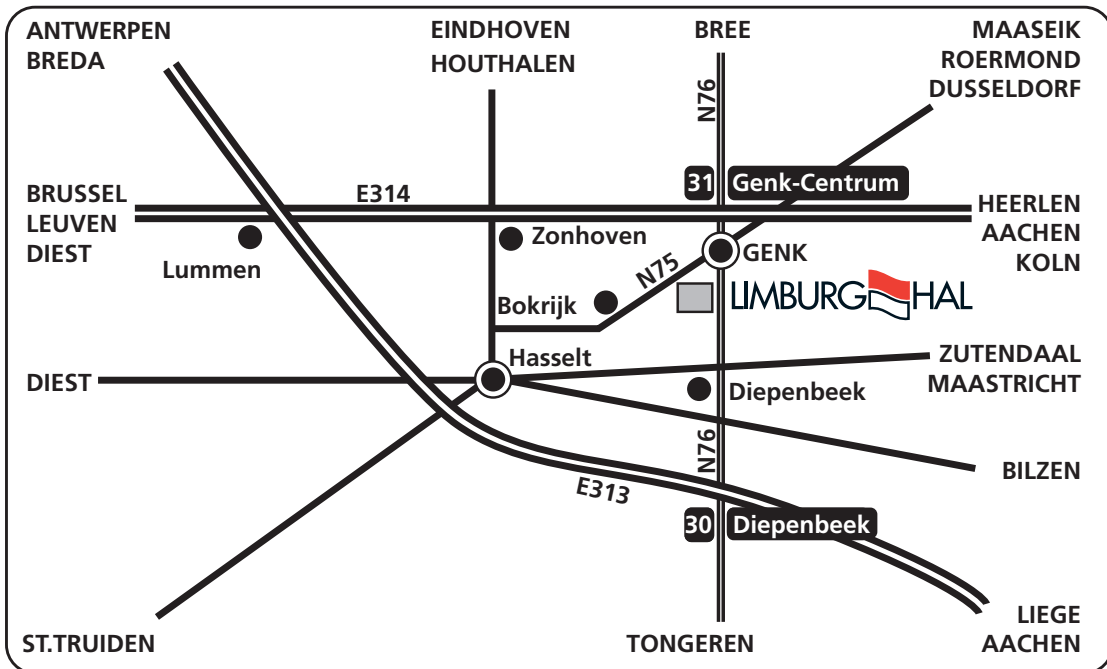

Alda, Christian, Danny, Edwin, Eric, Johan, Marc, Luc en Roger

Welkom in de **LIMBURG** **HAL**
